RAPID TRANSIT MAY NOT BE ABLE TO APPEAL PAVING CASE "Of course one of the most important points in this crusade is the parasite work, and that we know little about at the present time. There is no known specific parasite for it. No one knows that there is such a parasite and whether one can be found in Africa or elsewhere is purely problematical." Dr. Wilcox said that there was practically no chance of the fly gain "There is still doubt whether judgement of any kind can be recorded by the stream of the specifications laid (Continued on Page 2) "Ground course one of the most important part the award of contracts was postponed until the members of the Board can give the tenders further consideration. Awards may be anounced at the next meeting, text was postponed until the members of the Board can give the tenders further consideration. Awards may be ment of any kind can whether one can be found in Africa or elsewhere is purely problematical." Dr. Wilcox said that there was practically no chance of the fly gain (Continued on Page 2) but merely postponed to the more distant future. The reason assigned by Secretary Fisher for the additional delay in determining the Gubernatorial problem in determining the Gubernatorial problem in action by Congress and he cannot leave until that body reaches the point of final adjournment. He says his duty requires him to remain and the thing the future of important measures awaiting consideration and action by Congress and he cannot leave until that body reaches the point of final adjournment. He says his duty requires him to remain and the future of the final adjournment is vitally interested. Because of this determination See (Continued on Page 6) AND THE MANDI MANDI
